Prashant Kumar

Software Developer

I'm to introduce myself for the position of Software Developer .I have a work experience of 1+YEARS.I have skills of C | C++ | HTML | CSS | JAVASCRIPT | SQL | JSE | JEE | DSA and My favourite programming languages is JAVA and I've experience in developing website applications and desktop applications. My journey so far has included working with both front-end and back-end development, where I've gained knowledge about different technologies, databases and frameworks. I've previously created a Food applications through JAVA for one of my clients, which was highly appreciated by everyone. I want to stay in my learning zone and keep myself updated with the latest developments in this field. To keep myself updated, I attend conferences, read articles and blogs and participate in online activities.I have 10+ Projects in HTML ,CSS and one main Project in which using HTML,CSS & JAVASCRIPT. my favourite Project is YummXpress App like a zomato and it is design using JAVA. Thanks for knowing about me.
